

1.

Looking up against the sea surface.
BIONICLE logo

2.

Logo dissolves

3.

Mask falls into the water...

4.

passing close by the camera...

5.

and continues into the deep.
The mask is emitting a dim white light.

6.

Mask dives into the abyss.
A dark shadow (shark) glides by the camera

7.

Closeup of the mask as it continues
into the dark.

8.

The mask approaches some rocky
mountains. Tentacles move in the
foreground.

9.

A Matoran, Dekar is loading his Hydruka with air. The mask falls in the background.

10.

Closeup of the mask hitting the bottom. Dekar looks...

11.

and picks up the precious mask

12.

Somebody is watching from the shadows.

13.

Dekar is nervous. He starts running...

14.

against the Matoran sanctuary.

15.

He runs up against the plateau. We see tentacles in the foreground.

16.

Dekar reaches the "temple". IN the center there is a statue of a Toa (maybe Tahu) In his right hand he holds a lightstone. His face is maskless

17.

Dekar places the mask on the statue

18.

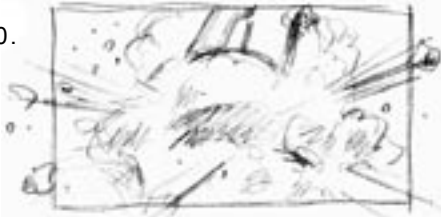

and backs down

19.

Suddenly a thick tentacle wraps around the statue, grapping the mask.

20.

The tentacle tightens and the statue explodes.

21.

Dust and stones are thrown into the water and the lightstone flips out of view.

22.

Dekar seeks shelter.

23.

Kalmah's face appears through the dust.

24.

He is standing on the base of the statue holding the mask with his tentacle.

25.

The lightstone lands in the sand...

26.

and instantly Ehlek approaches.

27.

He is attracted by the energy, bites the lightstone and is charged

28.

The light alerts Kalmah.

29.

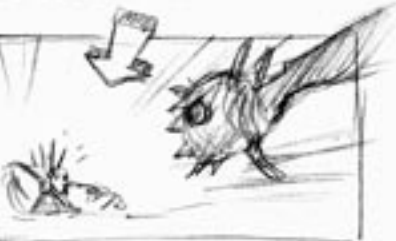

He points his shooter and fires...

30.

the live ammo. A hungry "cutter squid"

31.

It is heading straight for Ehlek.

32.

But he manages to grasp the squid with his claw and it is stunned and charged.

33.

He loads the squid in his shooter

34.

and points it at...

35.

Kalmah. Who is a bit surpriced. His small tentacles moves and he detects something behind him.

36.

But too late. The shark Pridak is attacking at full speed.

37.

He cuts the tentacle...

38.

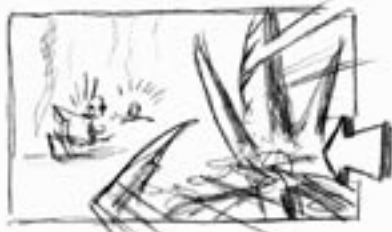

holding the mask.

39.

Makes a turn...

40.

and heads straight for Ehlek.

41.

But Ehlek has a secret weapon.
The charged cutter squid.

42.

It hits and stuns Pridak

43.

The mask falls right into the hands
of Dekar. Ups!

44.

Kalmah looks at him. His tentacle
grooving out again.

45.

Ehlek looks at him.

46.

and Pridak snapping out of the
stunning, looks at him.

47.

He steps backward...

48.

and falls into a tubeworm tunnel

49.

The shark tries to follow but is stuck in the opening.

50.

Dekar tumbles down into the tunnel and the mask follows.

51.

He exit the tube and lands in the middle of a field filled with Bionicle bones and shells.

52.

The mask arrives and lands...

53.

right in Dekar's lab. In the background we see yet another creep approach.

54.

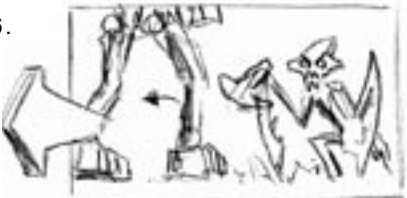

It is Takadox with the hypnotizing eyes.

55.

He crawls out of his tube towards Dekar.

56.

Dekar retreats and Takadox follows.

57.

They are both too busy to notice what they are stepping on

58.

Dekar is finally stunned and drops the mask.

59.

Takadox studies his precious catch but something is about to surprise him.

60.

He looks back to see the massive shape of Mantax rising out of the sand.

61.

Mantax chases Takadox and strikes. Takadox just manages to block.

62.

Mantax continues and gets ready to deliver the final blow.

63.

But suddenly his claw is hit from the side by yet another cutter squid.

64.

It is the crab, Carapar who is coming at them with heavy steps smashing everything in his way.

65.

Dekar who is still hypnotized is hit and flies out of the way.

66.

He just manages to grasp onto the edge of the plateau.

67.

Mantax lifts his shooter and steps backwards.

68.

Takadox sees his chance to get away.

69.

Carapar has reloaded and...

70.

shoots another squid at Mantax.

71.

He blocks the shot and the squid goes in a new direction.

72.

Right towards Takadox.

73.

The squid hits the mask out of the claw of Takadox

74.

It is quit heavy for the squid who fights to get controle but...

75.

has to let go.

76.

The mask falls down behind the rock where Dekar is now hiding.

77.

Carapar looks in his direction.

78.

So does Takadox

79.

and Mantax

80.

The mask is lying on the ledge where Dekar is standing.

81.

Closeup of the mask. Dekar's foot is standing close to it and slowly a thick tentacle wraps around his angle.

82.

He is pulled out of frame downwards.

83.

The mask is lying on the ledge as the camera pulls backwards.
