[Bionicle 2006 IS]

Sc 20 Inika 30 sec CGI

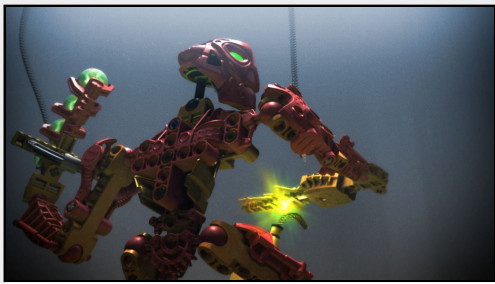

[Overview]

We are very close to end the Bionicle 2006 IS production. The 30 sec and Jaller the red has been approved, "Matoro the white" only needs a couple of Dan and Faber compositing hours before it is ready for tape, and "Hahli the Blue" is scheduled for Final frames Tuesday this week. Play Theme has reach compositing stage, and HPP "only" needs beauty layers.

[Recipe for a Bionicle 2006 IS picture]

- 1 mocap session (actor, director and engineer)
- 1 rigger/modeler
- 1 animator
- 1 shader/lightning artist
- 1 render wranger
- 57 rendered layers
- 1 compositor

[Jaller the red]

Lucas has entered the famous Bionicle compositor's club, after "Jaller the red" was approved. Some of the famous members of the Bionicle composers club is: Martin Gaardeler, Jeppe Nygaard, Thomas Banner, Ivan Kondrup and Daniel Paulsson Click the picture to the left to see Lucas entrance key to the Club.

[Matoro the White]

Is the movie that will bring Dan all the way to the Bionicle compositor's Club. This is the first Bionicle movie we finalize using Digital Fusion 5 and Ghost's new compositing station. Do your self a favor, and click the picture to the left.

[Hahli the blue]

After a wild night in the Compositors club, Lucas started working on "Hahli the Blue". Final comp will start Tuesday 11. July 2006.

[Faber's Corner]

A classic DPS case

- Lars "What is the status for Hali the movie"
- Lucas "I Finished"
- Faber "ohhhh, I thought you where from Argentina"

Faber just won himself a cheap bottle of wine.
